

Winter Wonderland Jar Instructions:

Included:
Jar, 2 charms,
paint, paint
brushes, glitter,
ribbon, tissue
paper.

Remove lid and paint the green top white. Let dry. You will need two or three coats. Let dry in between coats. When you put on your last coat, sprinkle some glitter on the paint before it dries.

Spread some glue on the bottom of your charms and add them to the top of your lid. Set aside to dry.

Spread a thin layer of Modge Podge on the outside bottom of the jar and center the tissue paper and press down. Add Modge Podge to the sides and wrap the tissue paper around and you glue. Try not to overlap the tissue. Add a layer of Modge Podge on the top of the tissue paper and shake some glitter on top of the tissue. Let dry. Trim the extra tissue paper off the edges.

Add your ribbon and make a bow.

Twist your lid on and enjoy!

*Add a tea light to the inside for a little glow. (not included)
