

Fall Turkey Gnome

Materials

Supplies included to make one (1) Décor:

- Template
- Felt: Red, orange, yellow, brown, black, and grey

NOT INCLUDED in your kit:

- Hot glue
- Scissors
-

Instructions:

- Cutout the pattern, line it up with the correct color, and trace each piece.
- Cut out the traced pieces of felt. (See picture 1)
- Take the belt and the buckle cutouts. Cut slits along any 2 opposite sides of the buckle cutouts. Insert the belt through the slits to make the belt pattern. (See picture 2)
- Place the belt pattern on the hat cutout and glue them together. (See picture 3)
- Place the nose cutout on top of the mustache cutout and then place that stack on the top edge of the beard cutout - glue them all together. (See picture 4)
- Place the beard onto the shirt cutout. Then place the hat on top, just barely covering the top edge of the beard cutout.
- Now, glue along the bottom line of the hat, so the beard stack, shirt, and hat are joined together. (See picture 5)
- Glue the gnome's head onto one of the body cutouts. (See picture 5)
- Glue the second body cutout to the back of the gnome. (Glue around all of the edges except for the very bottom of the gnome!) (See picture 6)
- Slip the shoe cutouts between the two gnome body cutouts. Glue the two body cutouts together. (See picture 6)
- Cut out an arch shaped base from scrap felt for the tail feathers. (See picture 7)
- Arrange the feathers in a pattern you like and glue to the arch. (See picture 8)
- Glue the feathers behind the head of your gnome. (See picture 9)

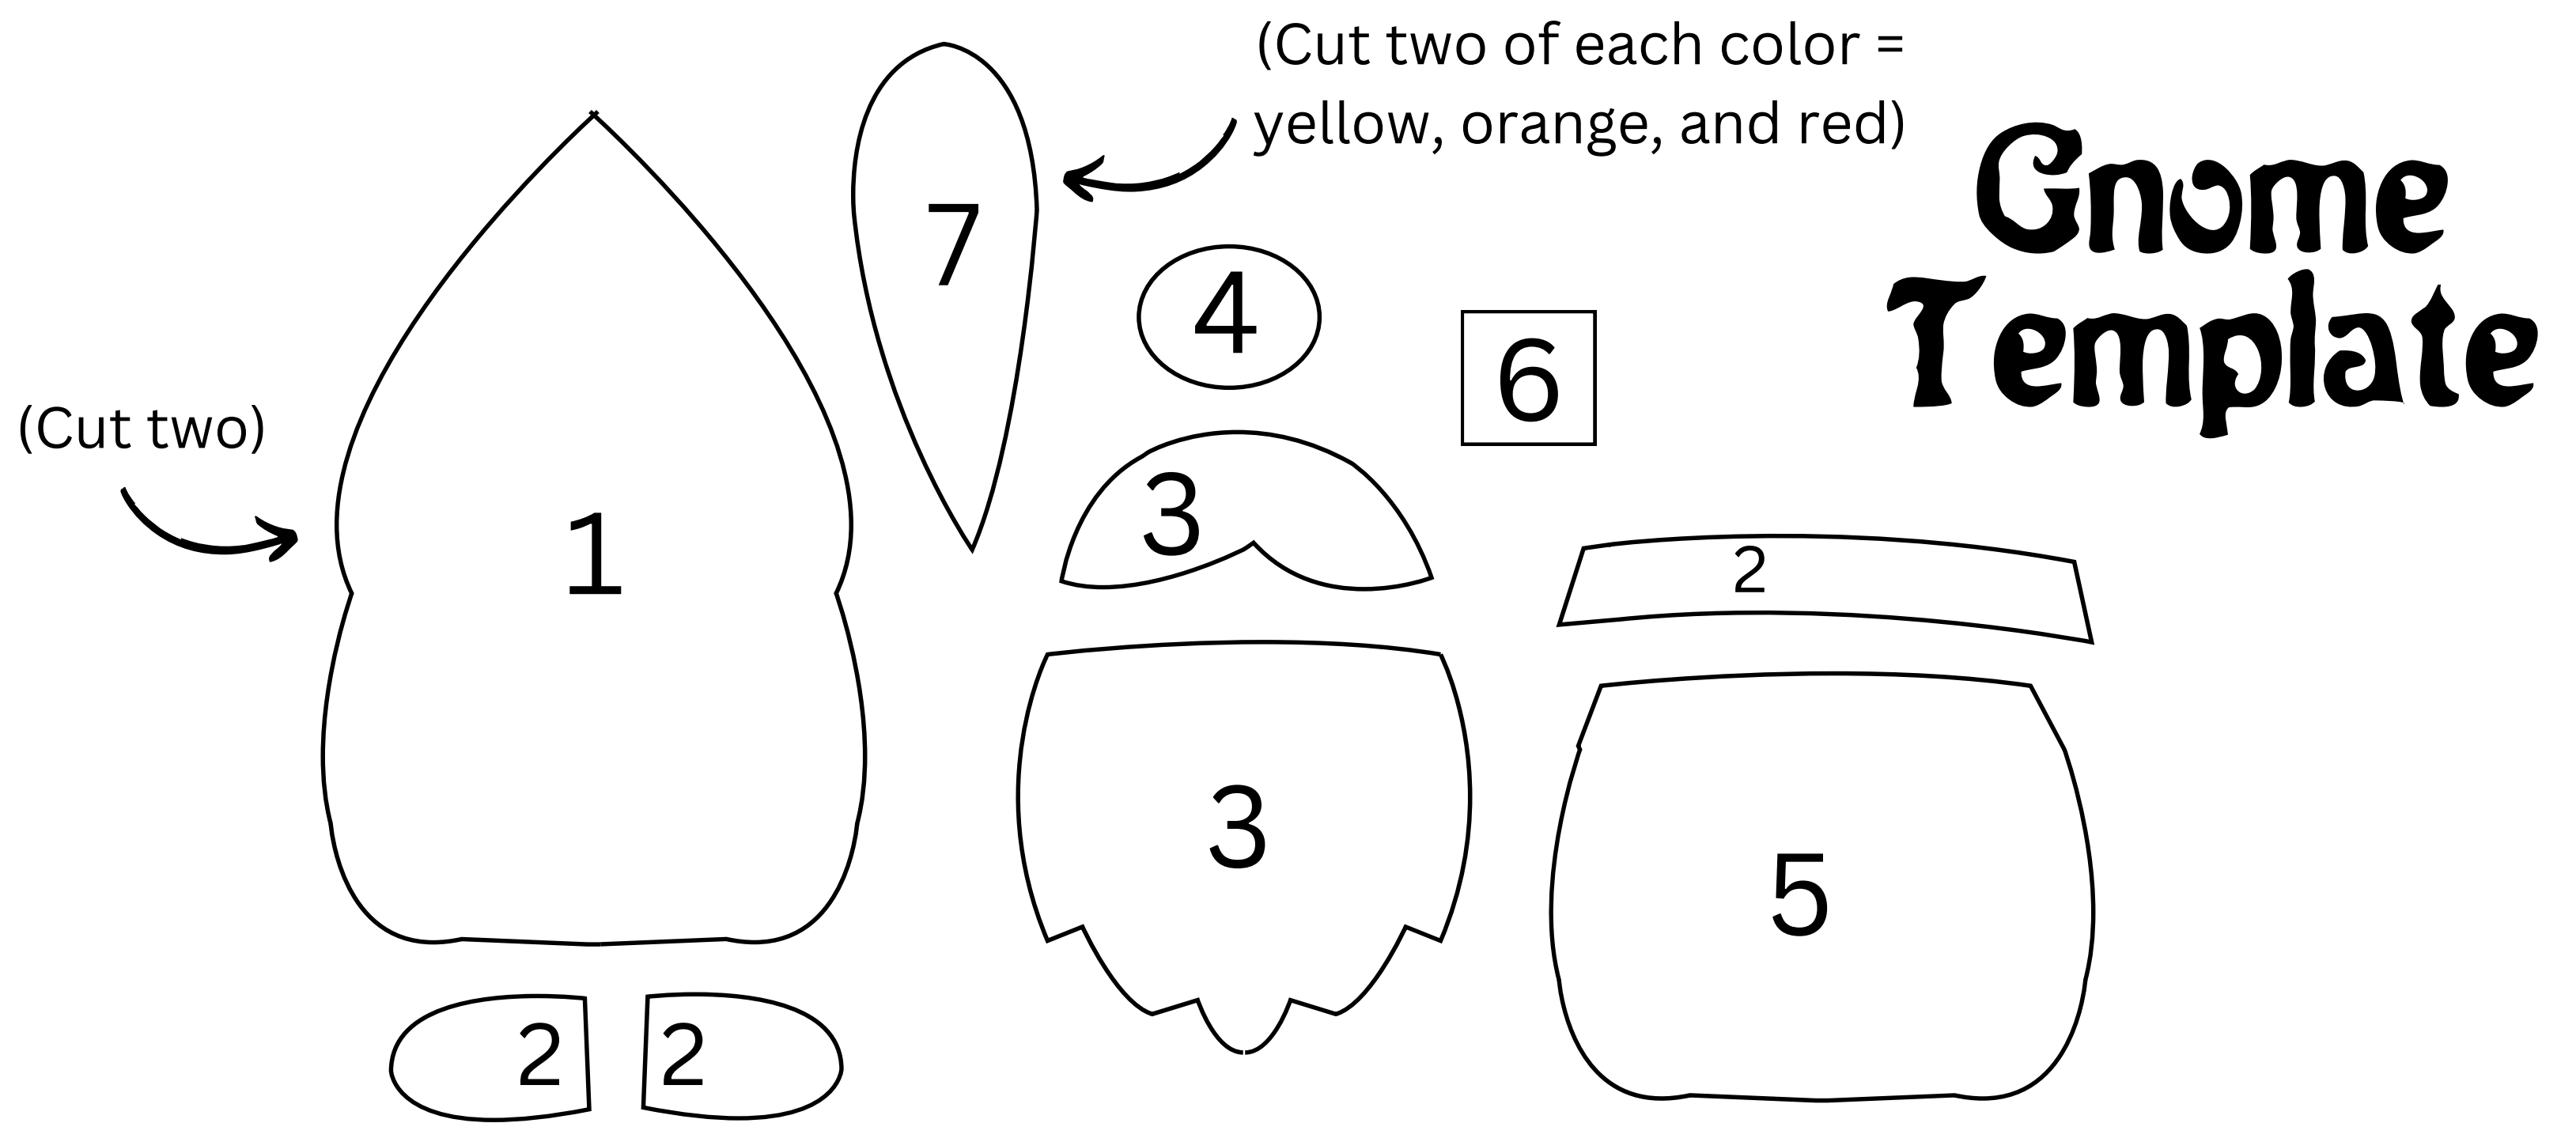

We'd love to see how your project turns out!
